TABLE OF CONTENTS

CASTERS

- 4-5 Specialty Casters
- 6 Light Duty Casters
- 7 Medium Duty Casters
- 8 Heavy Duty Casters
- 9 Extra Heavy Duty Casters

HAND TRUCKS

- 10 Aluminum Hand Trucks
- 11 Build Your Own Hand Truck
- 11 Replacement Wheels
- 12 Top Selling Hand Trucks
- 13 Convertible Hand Trucks & Ladders

CARTS

- 14 Wood Deck Platform Carts
- 14 Aluminum & Steel Deck Platform Carts
- 14 Sheet Rock & Panel Mover Carts
- 14 Tilt Trucks Carts
- 15 Stock Carts

DOLLIES

- 15 Economy Dollies
- 15 Carpeted Dollies & Piano Dollies

PALLET JACKS

- 16 Pallet Jacks & Pallet Stackers

LIFT EQUIPMENT

- 17 Scissor Lifts, Pallet Pals, LiftPlus

WORK PLATFORMS & SHELVING

- 18 Work Platforms, Mezzanine
- 18 Shelving & Metal Shelving

PALLET RACK SYSTEMS & STORAGE

- 19 Pallet Rack & Storage Solutions
- 19 Pallet Rack & Warehouse Safety

CONVEYOR

- 20 Gravity, Skatewheel
- 20 Steel Roller
- 20 Flexible Conveyor

POWER CONVEYOR

- 21 Belt Conveyor
- 21 Roller Conveyor
- 21 Incline Conveyor
- 21 Zero Pressure Accumulation
- 21 e24 Conveyor

► Leveling Casters

Perfect in a broad range of institutional and commercial applications. They solve the problem of delicate computer and medical equipment requiring a stable platform or to level heavy industrial tables, display cases, furniture, and much more, while retaining the ability to roll the unit.

MODEL GD-60S

- Plain Bore Bearing
- Leveling Pad Brake
- 1 1/8" Adjustment
- 550 lbs. Dynamic Capacity

► Air Cargo Casters

Designed to take the heaviest blows from all types of cargo containers with the highest rated impact resistance in the air cargo industry, even under the most extreme conditions. Ideal for airline and aerospace industry applications, light duty cargo handling, textile industry applications, conveyor applications, freight handling and cargo conveyor equipment.

MODEL RHB-ACC

- 2 3/4" Dia. x 1 3/4" W
- 4" Overall Height
- 145mm Toe Guard (not shown)
- 450 lbs. Dynamic Capacity

► Swivel-Eaz® Casters

Swivel-EAZ® wheels are designed to reduce turning and rolling resistance on swivel, rigid, and fixed axle systems. The Swivel-EAZ® wheels also carry twice the load of standard size wheels with similar tread hardness. With 10 years in service the Swivel-EAZ® wheels alone have shown a minimum 35-50% reduction in push pull.

MODEL 6.06279.SWE-620-CRN-75D

- 6" Dia. x 2" W Swivel
- 2-1/2" Hub Length
- Black
- 1800 lbs. Capacity

► High Temp Casters

High quality and extremely resistant to high temperatures. This is the most common wheel used for bakery and bread industry use. Features high load capacity, FDA food grade certified, and maintenance free.

MODEL 2.04756.MTW100HD

- 4" Dia. x 1-1/4" W Swivel
- -40 Deg. F - +572 Deg. F Continuous
- 300 lbs. Capacity

► Spring Loaded Gate Caster

Designed specifically for use on gates and sliding or rotating doors. It provides a shock absorbing ride over uneven ground, the compression spring helps support the weight of the gate/door to assist in keeping it even and level.

MODEL QSL-405-TD

- 5" Dia. x 2" W
- 11" x 4" Plate
- 4.25" Swivel Radius
- 400 lbs. Capacity

► MedCaster NG Series Casters

A precision sealed ball bearing raceway design for long lasting, smooth, quiet, maintenance free ride. Precision ball bearings are insert molded into the swivel raceway. This design allows capacity to be similar to or in some cases greater than metal casters.

MODEL NG-05QDP-125-TL-TP01

- 5" Dia. x 1-1/4" W TPR Wheel
- Nylon Top Plate (not shown)
- 2-1/2" x 3-5/8"
- 300 lbs. Capacity

► Heavy Duty Shock Absorbing Stem Casters

Designed specifically for use in Aerospace applications It provides a shock absorbing ride over uneven ground, the compression spring helps support the weight to assist in keeping the equipment even and level.

MODEL RHB-HDSASC

- Custom Mounting
- Spring Loaded
- Tapered Roller Bearing
- 1600 lbs. Dynamic Capacity

► Light Duty Shock Absorbing Plate Casters

Designed for use in medical equipment, clean room and automotive applications They provide a shock absorbing ride over uneven ground, the compression spring helps support the weight to assist in keeping the equipment even and level.

MODEL GDS-100-ARS-LUD

- 100mm Dia. x 30mm W Swivel
- 73mm x 73mm Top Plate
- Poly on Aluminum Core Wheel
- 100 kg. Capacity

► Pneumatic Casters

Air filled inner-tube and tire mounted on a heavy-duty metal rim. Applications include: various carts, platform trucks and equipment used in industrial, commercial, institutional and outdoor environments where a cushioned ride and the ability to roll over uneven floors and debris is a must.

MODEL PNEU 10" SWIVEL

- 10" Dia. x 3-1/2" W Swivel
- 4" x 4-1/2" Standard Top Plate
- Pneumatic 4"-Ply
- 350 lbs. Capacity

SPECIALTY CASTERS & APPLICATIONS

**HAVE A
QUESTION?**

Check out rhbrown.com
or call 800.426.9806

► Aerospace Caster

NEW. High-capacity, rounded blue wheel offers top ergonomic performance with reduced push-pull force.

MODEL 512057

- 1000 lbs capacity
- Reduced push/pull force
- 5" x 2" rigid
- 5" x 2" swivel w/ total lock brake
- Wheel is rounded blue poly on aluminum

► Aerospace Spring Loaded Caster

NEW. Aerospace Heavy Services Series are spring loaded casters that reduce noise, protect cargo, and extend caster, wheel and bearing life.

MODEL S-AEZFHS-5NYB-2

- 1645 lbs capacity
- Precision Ball Bearing
- 5" x 2" Nylast wheel
- Rated high rollability
- High moisture and chemical resistance

► V-Groove Rigid Caster

V-Groove casters are increasingly being used on industrial carts, containers, racks and other equipment where direction control is desirable.

MODEL R-526-V

- Load Capacity: 900 lbs.
- Wheel: 6" Dia. x 2" V-Groove wheel with 3/4" Straight Roller Bearing
- Overall Height: 7.5"
- Temp Range: -30 - 320 F
- Medium Chemical Resistance
- Wheel color: Red

► Extra Heavy Duty Dual Wheel

Dual wheel casters address the problem of how to minimize overall height and maximize load capacity while also offering improved stability.

SERIES EHD2

- 3,600 - 7,000 lbs.
- 10 different wheel choices
- Swivel or rigid
- Options for brakes, swivel lock, and toe guard
- 3 year warranty for qualifying wheels.

PERFORMA
Black non-marking
thermoplastic tread bonded
to polyolefin core that is
ribbed for added strength.

POLY HI-TECH
Red polyurethane tread
mechanically locked to
polyolefin core that is ribbed
for added strength.

MAXIM
Exclusive ultra tough
thermoplastic resists hard
impacts and drop-shocks.

POLY/CAST
Polyurethane tread
bonded to cast iron core.

TRANSFORMA
Non marking, thermoplastic elastomer tread is chemically bonded to waffle design polyolefin wheel core

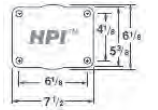

CASTERS - EXTRA HEAVY DUTY

► Hamilton Plate Casters up to 4000 lbs. Capacity

DIMENSIONS

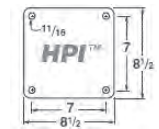

These casters are widely recognized for their superior performance, wide selection, and reliable service. The EHD's extra thick hot forging, guaranteed-for-life integrally forged kingpin and precision tapered thrust bearing combine to defy comparison. Also available in a dual-wheeled version.

Southworth Roll-On Level Loader

The Roll-On Level Loader lowers to floor height so pallets can be rolled on with a hand pallet truck. The operator can adjust the height of the pallet to allow loading or unloading at the most convenient working height with a minimum of lifting. Narrow side panels virtually eliminate reach-over while providing operator protection.

MATERIAL HANDLING SOLUTIONS

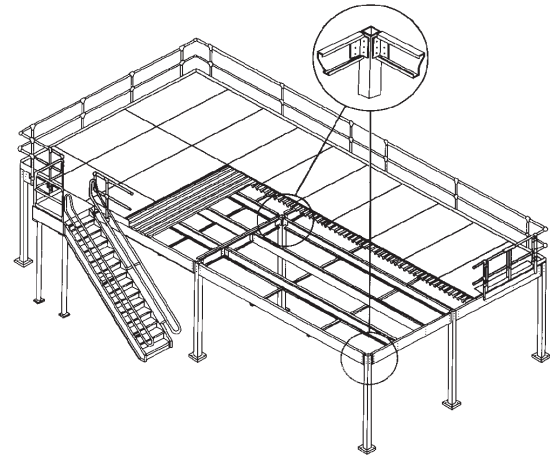

WORK PLATFORMS & SHELVING

► STORAGE, WORK PLATFORMS & MEZZANINES DOUBLE OR TRIPLE YOUR WAREHOUSE SPACE

Fully utilize existing space and gain valuable working office, storage or manufacturing area at a low cost. Put this space to work fast with minimum interruption to your working floor. These systems are designed using pre-engineered components to fit your custom needs. We also offer a choice of optional accessories including: railings, stairs, landings, swing gates, sliding gates, several types of decking and more.

We offer full design, engineering, permitting, and installation.

► Open/Closed Metal Shelving

We offer both open and closed metal shelving units. Metal industrial shelving provides the most stability, while protecting the contents stored inside.

Open metal shelving units are a commonly used type of shelving for general storage purposes. This type of industrial steel shelving is open on the sides and back, with back bracing to help stabilize it. Closed metal shelving units include closure at the back. Assembly of these types of industrial shelving units is quick and easy.

Components consist of posts, shelves, shelf brackets, sway braces for added stability, and side and back panels if choosing closed side and/or back style.

Common Widths – 24", 36", 42", & 48"
Common Depths – 12", 15", 18", 24", 30", 32" or 36"
Accessories include – shelf dividers and bins, label holders, drawer and cabinet systems

► Industrial Boltless Shelving

Designed for efficient use of storage and easy installation. A low-cost storage solution for bin boxes, small parts and bulk storage. All posts come standard with welded foot plate. Shelf capacity: 1600 lbs.

DESCRIPTION	
Starter Bay	24" D x 48" W x 84" H
Add-On Bay	24" D x 48" W x 84" H
Extra Shelf	24" D x 48" W
Starter Bay	36" D x 72" W x 84" H
Add-On Bay	36" D x 72" W x 84" H
Extra Shelf	36" D x 72" W

► 4 Sided Security Cage Kits

MODULAR DESIGN

Twenty basic panels and our "building block" approach accomplish virtually any layout

STRONG

Panels bolt directly to support posts. Standard 3/8" wedge anchors hold partition firmly in place. Baseplates welded on posts allow direct floor anchoring.

SECURE

Utilizes the heaviest assembly hardware in the industry. Bolts are only accessible from inside.

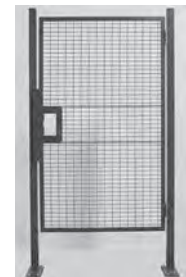

FLEXIBLE

Easy to reconfigure as needs change.

► Machine Guarding

A strong, reliable, and economical solution to plant safety needs. System versatility allows easy integration of access doors or material-handling openings with system controls. Crimped and woven wire mesh is resilient; resists dings, retains its shape, and appearance.

SPECIFICATIONS
Run Post 5', 3 1/4" H, Holes Drilled for 5' H Panel, 1' Sweep & 2" Open at Top
Corner Post 5', 3 1/4" H, Holes Drilled for 5' H Panel, 1' Sweep & 2" Open at Top
Panel 2' W x 5' H
Panel 4' W x 5' H
Panel 5' W x 5' H
Panel 8' W x 5' H
Hinge Door 3' W x 5' H
Hinge Door 4' W x 5' H

PALLET RACK SYSTEMS & ACCESSORIES

► PALLET RACK SYSTEMS

SPACE PLANNING & WAREHOUSE DESIGN

Drawing from decades of experience in material handling, we'll understand your needs, then design and install a warehouse storage system that meets those needs, including but not limited to:

- Cantiliver
- Push Back Rack
- Drive In Pallet Racking
- Pallet Flow Rack
- Selective Rack
- Carton Flow
- Pallet Racking

Curious how you can optimize your storage?

► Wire Mesh Decking

Whether you are loading full pallets or hand stacking small cartons on your pallet rack, our wire mesh decking offers safety, strength, and versatility for changing applications.

MESH PATTERNS

- Standard: 2.5" x 4"
- Heavy Duty: 1" x 4"
- Heavy or Handstack: 2" x 4"

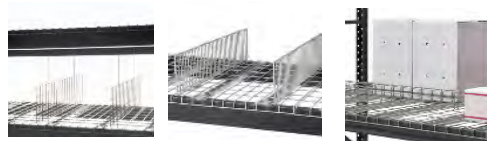

WATERFALL OPTIONS

- Outside
- Inside
- Reversible

DIVIDERS

- Hanging
- Snap-in
- Flue Space
- Backstop (not shown)

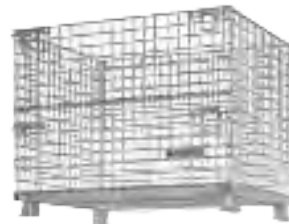

► Wire Mesh Containers

These containers deliver superior strength, quality, and durability. Available in four sizes with electrogalvanized finish.

KEY FEATURES

- Collapsible and stackable
- Stackable four (4) high fully loaded
- Stackable ten (10) high collapsed
- Standard half-front drop gate
- Also available: Locking lids, dividers, label placards; feet: with casters, runners, or fork pockets.

SAFETY AND FLEXIBILITY WITH WIRE MESH DECKING

Call us at 1-800-426-9806 for complete decking options, accessories and application consultation.

► SAFETY ACCESSORIES

*Accessories show come in safety yellow for maximum visibility.

Safety Guard Rail

POSTS

- 4" I-Beams
- 8" square base plates 18" or 42" high
- Posts have open sides for easy assembly

RAILS

- Formed 10 gauge ATSM steel rails
- Rail beam cross-section shall be 12" high and 2 5/8" in depth
- Hardware: 4 (each) 5/8 wedge anchors for concrete mounting
- Railing can withstand impacts of up to a 10,000 pound load
- Lengths of 6', 8', and 10'.

Storage Rack Protection

END OF ROW PROTECTION

- Bolts for floor for high impact rating
- Avoid downtime due to rack damage
- Round-edge or Formed Edge styles

COLUMN GUARD

- Floor mounted design
- 3/16" thick steel construction
- Available in 12", 18", or 24"

COLUMN GUARD

- Sits on top of foot plate
- Rubber compound provides max impact-absorbing qualities
- Easy installation
- Stackable

CUSTOMER STORIES

"RH Brown partnered with us on a project to provide custom designed casters. The solution RH Brown provided was a custom designed caster that met the project requirements and project schedule."

RH Brown was with us every step of the way. The patience, support and technical expertise provided to us by RH Brown is what places them into the league of most valuable partner."

– Douglas Ward, Mechanical Engineering Supervisor
Globe Machine Manufacturing

"R.H. Brown Co. and their staff have consistently achieved positive results and outstanding performance in meeting and exceeding the requirements and needs of North Coast Electric Company."

– Joy Wolff, Territory Operations Manager
North Coast Electric Company

"RH Brown completed the installation of the a conveyor system in the warehouse while OLCC continued full operations. RH Brown carefully choreographed the work in a manner that allowed OLCC to meet demanding shipping schedules while doing their work side-by-side with us. RH Brown's crew and subcontractors exhibited exemplary safety standards as well as care and consideration of our facility and grounds. Often leaving an area in better condition than they found it!"

– Sharon Domaschofsky
Oregon Liquor Control Commission

"We really enjoy the service that you and your team provide for us!"

– David Adam
TekFab

"R.H. Brown Co. is a company that does not leave a job until the customer is 100% satisfied. They have been great to work with and when it comes down to it, they flat-out know how to make things work. We will continue to use them for all future product handling builds."

– Mikey Hanks, Operations Manager
Washington Fruit
